World War I – A War to End All Wars?

NEW!

How did an isolationist United States become drawn into Europe’s “War to End All Wars” in 1917? Take a long look at the actual causes of the Great War; the new and terrible weapons which were developed during the war; military tactics and how they resulted in stalemate; the impact of the US presence in the war; and how the peace treaties guaranteed that there would be no peace and still haunt us today.

American Civil War

“Between 1861 and 1865, the clash of the greatest armies the Western hemisphere had ever seen turned small towns, little-known streams, and obscure meadows in the American countryside into names we will always remember. In those great battles streams ran red with blood, and the United States was truly born.”

These vivid words open the description of award-winning Professor Gary W. Gallagher’s Great Courses offering, The American Civil War. Join us to hear Professor Gallagher’s closing lectures. Topics will include Sherman versus Johnston in Georgia, Cold Harbor to Petersburg, the Confederate Home Front, the Northern Home Front, the Crater, the Valley, Appomattox and Remembering the War. No textbook is required, but there will be suggested reading.

From the early twentieth century until the 1950s, Westerns were one of the most popular film genres in the United States. They depicted frontier deprivation and adventure in the lives of bandits, lawmen, Native Americans and intrepid pioneers. Join us for a trail ride through the history of the movie Western; we’ll look at the genre’s literary roots and silent film origins as well as its heyday from the 1930s through the 1950s. Find out whatever happened to Randolph Scott and all your other favorite cowboy stars!

The Perfect Complement to OLLI Classes
Member Interest Groups (MIGs)

Have you considered becoming part of one of our member interest groups?

MIGs are groups of OLLI members who share a common interest, and like to meet outside the normal OLLI class environment to discuss their mutual interest in an informal manner. Each group is different depending on its focus, and all foster learning and friendships.

OLLI MIGs are self-managed: members decide when they will meet and plan how the group will function. Volunteers serve as leaders, and they also handle administrative and communications details. MIGs are free to current OLLI members. No advanced registration is required.
